HeHe...Where else would a descendant of Queen Glory who once ruled every single nightwing and rainwing be? Smiles Slyly? What? Don't look at me like that?

Inferno smiles...I think you will make a wonderful Queen or Guard one day. To help you learn quicker I will have you attend meetings that I go to with other Queens, princesses, kings, princes, guards, and such. We will teach you to fight and become a great leader and how to work with others...And everything else a dragon in training would need to be to become Queen...She thought for a moment on how she promised her daughters before they hatched that no one would ever take or hurt them, but yet some how, someone had...And she added to the dragonet "most of all I will never ever let anything take or happen to you like what happened to my dragonets".

Inferno, picked up the rose and touched it with her talon's which had quite a few rings and bracelets, one with a rose glowed and the rose instantly duplicated. Before my mother died, she left me a few animus objects she made, and she made a lot, but most of them are hidden away, where I might never find them, but I hope to one day. She looked at Stargazer so would you like to work on fighting skills or leadership.
